Subject: UL 2601, Component Power Supply – Model GT-500160-30-B
Reference: Files E172861, 03ME13640

Dear Mr. Rakovsky,

NOTICE OF AUTHORIZATION TO APPLY THE UL AND C-UL MARKS

This letter temporarily supplements the UL Follow-Up Services Inspection Procedure.

This letter serves as authorization to apply the UL Recognized Marking and Recognition Mark for Canada to the above product, which is constructed identical to the sample product, which was submitted to UL for this investigation. The UL records covering the product will be in the UL Follow-Up Services Procedure, File E172861.

To provide the manufacturer with the intended authorization to apply the UL Mark you, the Applicant, must send a copy of this notice (and all attached material) to each manufacturing location covered by a UL Follow-Up Service Procedure.

This authorization is effective only for 90 days from the date of this Notice. Records covering your product are now being prepared and will be sent to you in the near future.

Products produced, which bear the UL MARK, shall be identical to those, which were evaluated by UL and found to comply with UL's requirements. If changes in construction are discovered, authorization to use the UL Mark may have to be withdrawn and products that bear the UL Mark may have to be revised (in the field or at the manufacturer's facility) to bring them into compliance with UL's requirements.

If we can be of further assistance, please do not hesitate to contact us.

Sincerely,

Peter V. Tandy (Ext. 22829)
